ANALYSIS OF THE ESTIMATES

- Two types of estimates of similar nature are given. Successful bidders can carry out the works as per estimate, either by deploying labourer or through mechanized manner. But, works related to deploying grasscutter and hand tractors are required to be implemented as per model estimates. Again, whenever labourers are engaged, the same should be as per direction of the concerned Range Officer or his authorized person. Priority should be given to the members of JFMCs concerned in this regard. Minimum Wage, as per latest Minimum Wage Act shall have to be paid to the labourer so engaged.
- The estimate is indicative in nature. Thus, it might be so that some of the items mentioned in the estimates do not require to be implemented in the field and some of the items needs to implemented more than once, repeated or enhanced as per field requirements. Thus the Intending bidders need to quote rate accordingly and will have to follow the instructions of Forest Officials only.

3. Payment shall be made to the successful bidders only for those items which he/she has carried out at field on pro rata basis as per the rate offered by the L1 & as per the instructions of the concerned Range Officers or his authorised persons or his superior authority. Each item of the estimates has a definite time line, beyond which the item can't be implemented in the field. Thus any item which is not possible to be implemented in the field within due time, can only be implemented after having due permission in this regard from the appropriate authority. Successful bidders are required to prepare bill for making payment accordingly.
4. Intending bidder/s are required to mention the cluster/s (**Annexure-1**) in which he/she is willing to participate. Rate in BOQ is required to be quoted accordingly. If the no of clusters are not mentioned, the tender may liable to be cancelled
5. Rate Quoted below 15% shall be subject to rate analysis.
6. From the above analysis, it follows logically that R.A bills shall be admissible in this regard.
