ANALYSIS OF THE ESTIMATES

1. Successful bidders can carry out the works as per estimate, either by deploying laborer or through mechanized manner. But, whenever laborers are engaged, the same should be as per direction of the concerned Range Officer or his authorized person. Priority should be given to the members of JFMCs concerned in this regard. Minimum Wage, as per latest Minimum Wage Act shall have to be paid to the laborer so engaged.
2. The estimate is indicative in nature. Thus, it might be so that some of the items mentioned in the estimates do not require to be implemented in the field and some of the items need to implement more than once or repeatedly or in an enhanced manner as per field requirements. Thus the Intending bidders need to quote rate for each item of works as well as total rate offered by him.
3. Payment shall be made to the successful bidders only for those items which he/she has carried out at field as per the instructions of the concerned Range Officers or his authorized persons or his superior authority. Each item of the estimates has a definite time line, beyond which the item can't be implemented in the field. Thus any item which is not possible to be implemented in the field within due time, can only be implemented after having due permission in this regard from the appropriate authority. Successful bidders are required to prepare bill for making payment accordingly.
4. From the above analysis, it follows logically that R.A bills shall be admissible in this regard.
