**NOTICE INVITING E-TENDER**

**e-TENDER NOTICE NO. WBFOR/DFOMED/e-NIT/MED/158 of 2018-19 for supply of Burnt Mobile to distribute of villagers at Arabari Range under Divisional Forest Office, Medinipur Division, as a protection of the protective measure on HEC.**

Man-Elephant conflict is one of the most challenging management issues of Medinipur Division. The average period of stay for elephant herds, in this division, is more than 180 days in a year. So, managing the movement of wild elephants from non forest revenue lands to forest areas and barricading into a particular area to protect from possible depredation are uphill tasks of this division. But such issues are always unpredictable in nature, i.e., inter alia, cannot be foretold specifically when and how the management is required to be taken up. **Hon'ble Supreme Court of India has passed the Order on 01.08.2018 regarding using of fire balls or any other inhumane method for driving elephant in response of writ petition(s) (Civil) No(s) 489/2018 , submitted by Prema Singh Bindra & Others Petition(s) versus Union of India & Others Respondent(s) is being enclosed herewith for ready reference (as Annexure 1).** It is worth mentioning that humane methods i.e. Protective barriers for the property, encouraging villagers in affected areas for alternate cropping patterns, using of sound, not venturing into forests for defecation, not brewing country liquor etc. are to be used during management operation in connection with movement of wild elephant herd in normal migratory route, avoiding non forest area, for minimizing the extent of depredation at field.. Thus, in pursuance to the G.O No-5400-F(Y) d t. 25/6/12 and its subsequent amendment No-2254-F d t 24/4/14, The Divisional Forest Officer, Medinipur Division, on behalf of the Governor of West Bengal, invites cluster wise e-tender from bonafide, resourceful suppliers/contractors for taking up the following works, as per the estimate given in the table below.

**MODEL ESTIMATE FOR SUPPLY OF BURNT MOBILE FOR DISTRIBUTION OF VILLAGERS**

Sl No	Item of Works	Unit	Rate (Rs.)	Estimated Cost (Rs.)	Remarks
1	Cost of supply of Burnt Mobile to the trained squad, village protection committee as well as to the villagers to keep herd from crop raiding and damage to property as well as kill human beings as and when required including carriage to the spot all complete in all respect.	16000 ltr/	50.00	800000.00	Materials will be delivered within a stipulated time, when required as directed by Range Officer concerned.
	Add GST 18%			144000.00	
	<b>TOTAL ::</b>			<b>9,44,000.00</b>	

*Rupees Nine lakh Forty Four thousand only.*

### **UNDERSTANDING THE ESTIMATE:**

Before opted for bidding, an intending bidder needs to understand the ground situation in respect of which he/she is expected to work on. On an average, the duration of stay of Elephant herd in this Division is 150-180 days. The area is dominated by Dalma Herd and consists of nearly 120-150 elephants. However, these may sometimes get divided into smaller groups of 40-60 and even less number of members. Apart from that, the Mayurjharna Herd, comprising of 15-20 elephants, sub-adult males discarded by the main herd and thereafter joined together to form notorious 'Maljuria' group also roams through this division. Lone big male elephant, either tusker or makna (tusk less) form the third category of crop raiders. Naturally, the extent of damage in terms of crop raids, injuries to Human & live stock and even killing of Human are considerably alarming and varies as per their numbers, compositions, seasons and above all, on the response time by the trained squad, village protection committee for chasing them away. In order to minimize the extent of this depredation, the strategy of quick response and management of wild elephant herd/individual elephant is adopted since long. But, to make this work "tender friendly" and corroborating with the new financial system, the elephant herds and maximum payable amount for management of each group is mentioned hereunder,

### **ANALYSIS OF THE ESTIMATES**

1. Management of wild elephant herd from crop raiding, damage property and killing human being is one of the tough most, cumbersome, difficult and unpredictable jobs. Thus intending bidders are required to quote their rate based on the estimates shown in the table above for management activity at large scale only.
2. The intending bidders shall be required to be well versed with the territory, local socio political situation, mode and pattern of elephant movement management activity. In a nut shell, the intending bidders should be well versed with wildlife management, geographical details of the landscape, local socio political situation as well as with the details of the Indian Forest Act, 1927 and the Wildlife Protection Act, 1972. Thus it becomes obvious and convenient to supply materials to squad, village protection committee as per specific direction of the Range Officer concerned. As it might be a question of life and death situation and urgency basis, rate to be quoted keeping all those factors in mind. Fluctuation in demand and supply issue will not be entertained.
