## Estimate for 3<sup>rd</sup> Year Maintenance of QGS plantation- Enclosed.

The quotation should reach to this office by 29.07.2024 upto 3.00 pm. without fail. The quotation will be opened tentatively on the same date at 4.00 pm .The quotationer may remain present the opening of the quotation paper.

### TERMS AND CONDITION:

1. The undersigned has sole authority to accept or reject the lowest quote without showing any reason.
2. The Bonafied quotationer has to submit PAN, IT & GST clearance up to date certificate.
3. They should submit credential for same nature of work of equivalent amount for last three years at least.
4. In case of absurd lower rate offered in comparison to existing market rate, detail break up work have to be submitted within 1(one) day of opening of quotation with proper justification
5. Rate should be inclusive of all applicable Taxes.
6. Delivery materials should be free of cost.

### ANALYSIS OF THE ESTIMATES

1. Successful bidder/s can carry out the works either by deploying machine or by deploying labour by paying minimum wage for the time in vogue. As, each of the activity requires specialized skill and experience JFMC members who are conversant in carrying out such types of activities, will be given preferance while deploying labour for such types of jobs. While payment is required to made by the contractor concerned, decision taken by the concerned Range Officer on technical ground shall be final and binding with respect to carrying any particular activities mentioned in the model estimates.
2. The estimate is indicative in nature. Thus, it might be so that some of the items mentioned in the estimates do not require to be implemented in the field and some of the items needs to implemented more than once, repeated or enhanaced as per field requirements. Thus the Intending bidders need to quote rate accordingly and will have to follow the instructions of Forest Officials only which will have the liberty to change the inner items mentioned in the estimates, without changing the rate or the amount of that particular item. Intending bidder/s are expected to have that flexibility.
3. Payment shall be made to the successful bidders only for those items which he/she has carried out at field on pro rata basis as per the rate offered by the L1 & as per the instructions of the concerned Range Officers or his authorized persons or his superior authority. Each item of the estimates has a definite time line, beyond which the item is very difficult to be implemented in the field. Thus, any item, which is not possible to be implemented in the field within due time, can only be implemented after having due permission in this regard from the appropriate authority. Successful bidders are required to prepare bill for making payment accordingly.
4. Intending bidder/s are required to mention the cluster/s in which he/she is willing to participate. Rate in BOQ is required to be quoted accordingly. If no of cluster/s are not mentioned, the tender may liable to be cancelled. Based on the accepted rate over total estimated cost, item wise rate shall be calculated. Bills shall be processed accordingly.
5. Rate Quoted below 15% shall be subject to rate analysis which shall require to be provided based on technical grounds to be ascertained by the Tender Committee constituted for the purpose. Rate analysis which is not technically viable, shall not be accepted at this end and the candidature of the contractor concerned shall liable to be cancelled at once.
6. From the above analysis, it follows logically that R.A bills shall be admissible in this regard.

  
Divisional Forest Officer  
Kangsabati (North) Division
